Wes,

Just wanted to drop you a quick note to say thanks for the great hunt!
I can't readily express the feelings that me and Renee are sharing right now.
Somewhere between What Happened and WOWZA fits. We couldn't have
asked for a more unique and special hunt. We truly got to do this one together.

And Renee even got to come home and go trick or treating tonight.
Thanks for helping us to make these memories.....
We appreciate everything you do to make this happen, and are looking forward
to our next adventure together.
Howie & Renee
